Programme objectives

The Bachelor in Management (BSc) allows students to become experts in management science and learn how to make complex decisions. While exploring humanities, they practice how to deal with people and lead teams.

The active learning pedagogy and multinational teamwork, together with the soft-skills workshops, prepare students for their future international careers. The learning-by-doing and real-world experience gained during internships help to further increase their employability.

Bachelor in Management (BSc)

Bachelor in Management (BSc) Highlights

- Three-year, full-time programme (180 ECTS)
- Multicultural study track in one institution
- Curriculum in Management combined with liberal arts, humanities, and language courses
- Taught in English with some classes in French, Spanish or German
- Compulsory internships and social impact projects
- Bachelor of Science in Management degree fully compliant with international standards

Your Bachelor Programme

This BSc programme is the right choice if you want to:

- Challenge yourself intellectually and acquire skills for a top international career.
- Get to know and understand diverse cultures by living and studying in three different countries, without having to compromise on academic excellence.
- Learn management through an interdisciplinary approach, and broaden your horizons through liberal arts and language modules.
- Obtain strong methodological training and develop your personal competencies.

Student Profile

- High-calibre students who aspire to top international careers
- Keen to study and experience different cultures and languages
- Able to adapt and thrive in new or challenging situations
- Looking to build confidence and become autonomous

The best thing is that now I know everything that forms a company, and this a great part of the ESCP Bachelor in Management (BSc). I also feel much more international compared to other students.
