STONEHAGE FLEMING

THE INTERNATIONAL FAMILY OFFICE

WHO ARE WE

Stonehage Fleming is a leading independently owned family office. We manage and advise on over GBP45bn of assets on behalf of 250 families and have an investment business with GBP12.9bn under management. We aim to add significant value across the full spectrum of family wealth, from long-term strategic planning and investments to daily advice, administration and operational support. We help international families manage their wealth and protect their legacy for this generation and those to come. We employ 570 people in 11 offices across 8 geographies - if you are interested in progressing your career within a Family Office environment, please get in touch to learn more.

OUR FAMILY OFFICE

Our family office is a long established, private wealth management advisory firm that serves ultra high net worth clients. We are different from traditional wealth management firms in that we offer a total outsourced solution (one stop shop) to managing the financial and investment side of affluent individuals or families.
