Life at Crestbridge

Describe a typical day at work for you.

I start my day by grabbing a hot drink from our Bridge collaboration area, I then go through my emails. I'll check with my colleague, as she might have some tasks needed to get done for the day. After that, I'll quickly plan my day which will mostly consist of processing invoices, preparing journals, bank reconciliations and making sure everything is ready for the month end close.

What do you like about working for Crestbridge?

Coming from retail to work in finance was a bit daunting, but everyone at Crestbridge were so welcoming and supportive I quickly knew I made the correct decision to come here.

What advice would you give to someone wanting to work as a Trainee Administrator in a central function like finance?

I would say do your research on the various opportunities and don't be afraid to take yourself out of your comfort zone, as it really builds your confidence.

Life at Crestbridge

Describe a typical day at work for you.

A typical day for me includes checking any emails to ensure I am always on top of what is happening and prioritise my workload to ensure urgent tasks are completed first. This also includes liaising with my line manager to ensure which tasks need to be completed by a certain deadline will be done in time.

What do you like about working for Crestbridge?

The confidence that my Crestbridge team have in the work that I provide and in my development process. An atmosphere where everyone is always happy to help with any issues.

What advice would you give to someone wanting to work as a Trainee Accountant?

My advice for a trainee accountant would be to make sure you take your exams at your own pace. There can be times where workloads and studying can be stressful, so just make sure not to take on too much at once. But I would highly recommend taking the ACCA qualification, as this will help you the most with your role.

Family Office Services

Life at Crestbridge

Describe a typical day at work for you.

I would usually start my working day by completing whatever tasks I have on. This could vary from setting up board meetings for the companies that I administer, speaking to clients, or liaising with different service providers from banks to investment managers to ensure our clients' wealth is being looked after in the best possible way. If you catch me in the summer months, a typical working Wednesday would end with one of the Crestbridge Lions' Corporate Softball games!

What do you like about working for Crestbridge?

Working at Crestbridge has many different things to like, whether it's the amazing people that we work with, or the newly refurbished offices and the amazing Bridge collaboration space. Crestbridge really cares about its employees and their progression. The sports and social side of the company is also a big attraction, there are always new initiatives and events including the Crestival Summer Party!

What advice would you give to someone wanting to work as a Trainee Administrator?

Asking questions is the best way to find out how the industry works. At Crestbridge, everyone is happy to help where they can. Anyone you speak to will give you their time to answer questions, however silly you may think they are.
