GO HIGHER
with Sure

Sure delivers mobile, broadband, TV, fixed line, data centre and enterprise solutions to a diverse customer base in Jersey, Guernsey and the Isle of Man.

The Sure Academy is part of our long-term commitment to offer local people a channel into the workplace. It provides an opportunity for enthusiastic and motivated individuals to join our business and gain practical training and a high quality experience that can lead to an exciting and challenging career. Academy members gain experience in both technical and commercial environments, as well as an understanding of the Company as a whole, before they decide which area of the business they would like to move into.

It's a two-year programme, where Academy members spend time within a customer support role in Retail, Service Operations, Cloud Engineering and Professional Services Engineering. The Sure Academy is open to anyone from the age of 17, who has a full driving licence, including school leavers or those wishing to start a new career. Entry requirements are 5 GCSE passes at grade C or above (including English, Maths and a Science subject) and good passes at an advanced level qualification such as GCE A Level, BTEC or NVQ (IT based is desirable but not essential).
